Tuners
Association

Piano Congress

2

Piano Congress 2025 will be held in Warsaw on September 25-28.

This year's edition will have two parts: a seminar and an exhibition. The seminar part will be divided into two segments - educational (free and open to all) and commercial (intended for industry professionals). The program will include numerous lectures, panel discussions and workshops, which will be conducted by prominent specialists from around the world, including leading experts in the field of piano construction, restoration and tuning, as well as distinguished musicians and educators.

In 2025, due to the 19th International Chopin Competition, the eyes of the entire musical world will be drawn to Poland. Therefore, the Piano Congress has been included in the official program of the Competition as a accompanying event.

Thanks to this unique synergy, the Piano Congress will become an extremely attractive event for both participants and guests of the Chopin Competition, offering them a great opportunity to expand their knowledge and establish contacts in the piano world.

Congress venue

3

PIANO CONGRESS 2025 will be held at the Polish History Museum, one of the most recent museums in Europe. The facility's modern and spacious architecture provides comfortable conditions for both exhibitors and event participants. The museum offers various spaces adapted for the organization of exhibitions and accompanying events:

Main Hall - Exhibition

Auditorium

Cinema and theater hall

Conference rooms
